

Well, in this crazy old world here's what you have been waiting for!! Peketa Beachfront Holiday Park Covid policy. Updated 1 December 2021

We will be running our peak holiday operations under the [Covid-19 Protection Framework](#), and will comply with all hygiene requirements. We have boosted our cleaning regime and we will continue to conduct health and safety risk assessments.

Bookings are already heavy, and the park looks like it will be full over the peak period. There will currently be no restrictions on numbers in the park.

“We’re operating business as normal, like we have been doing.” Owners Ruth and Rex say. “We ask everyone to treat others with respect and to do their part in keeping everyone safe, including our staff”

At this stage, there is no government vaccine mandate for accommodation providers, and whilst we encourage guest to get vaccinations we will not mandate our guest to be vaccinated.

In “**Life at Orange**” the park will be complying with government guidelines on hygiene requirements, having appropriate signage, scanning in, wearing masks and social distancing.

If ‘**Life becomes Red**’ there will be some adjustment to the above recommendations.

As we have shared facilities we ask everyone to do their part.

“The public can be assured that we will be doing everything in keeping with the government advice to keep the community as safe as possible. We look forward to welcoming everyone when you are ready to stay with us.
